L S G BRANCH

SIR,

I have the honour to state that the Mysore Food Adulteration Act has been introduced into 52 Municipalities and instructions were issued to send samples to the Public Health Institute, Bangalore, for analysis The Municipalities have been advised to provide a sum of Rs 100/- per annum in their budget as per Government Order No 810-8/Ml 153-43-2 dated 17-7-1943 to meet the cost of analysis The Superintendent, Public Health Institute reports in his letter No PHI 188 dated 9-2-1944 that five samples only have been received from two places during the year 1943, all of which have been found to be grossly adulterated

Out of 51 Municipalities, 7 municipalities seem to have no agency to collect the samples, but the rest could have done it as the agency is available The fact that the analysis of the five samples received from two places were found to be adulterated indicates the greater necessity to seize samples of food stuffs in other Municipalities also I therefore request you kindly to issue necessary instructions to the Municipal Councils to seize and send samples for analysis regularly

I am enclosing herewith a statement of Municipalities in which the Act is in force and the agency available to seize the samples for information of Government

I have the honour to be,
Sir,
Your most obedient servant,

O Gan Narayana

Director of Public Health

Director of Public Health

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

General and Revenue Secretariat,

No L12 596-604 / GM 153-43-4

Dated Bangalore 21st June 1944.

FROM

The Secretary to the Government of His Highness the Maharaja of Mysore

Law Department.

To

The Deputy Commissioners of Districts.

Sir,

In inviting reference to this office letter No.L.810-8/Fl. 153-43-2 dated the 17th July 1943, regarding the Food Adulteration Act, I am directed to forward herewith a copy of letter No.C.166-124/42-43, dated the 10th March 1944 (with a copy of the enclosure) received from the Director of Public Health, and to request you to be so good as to advise the Municipal Councils concerned to seize and send samples of butter, ghee, coffee etc, to the Superintendent, Public Health Institute, Bangalore, regularly for analysis, in accordance with the instructions issued by the Public Health Department.

I have the honour to be,
Sir,
Your most obedient servant,

for Secretary to Government,
Law Department

Copy of letter No.C.166-124/42-43 dated the 3rd March 1944, from the Director of Public Health, to the Secretary to Government, Law Department, Bangalore.

***

I have the honour to state that the Mysore Food Adulteration Act has been introduced into 52 Municipalities and instructions were issued to send samples to the Public Health Institute, Bangalore, for analysis. The Municipalities have been advised to provide a sum of Rs.100 per annum in their budget as per Government Order No. 810-8/Fl.153-43-2 dated the 17th July 1943 to meet the cost of analysis. The Superintendent, Public Health Institute reports in his letter No.PHI.189 dated the 9th February 1944 that five samples only have been received from two places during the year 1943, all

6

all of which have been found to be grossly adulterated.

Out of 51 Municipalities, 7 municipalities seem to have no agency to collect the samples, but the rest could have done it as the agency is available. The fact that the analysis of the five samples received from the municipalities were found to be adulterated indicates the greater necessity to seize samples of food stuffs in other Municipalities also. I therefore request you kindly to issue necessary instructions to the Municipal Councils to seize and send samples for analysis regularly.

I am enclosing herewith a statement of Municipalities in which the Act is in force and the agency available to seize the samples for information of Government.
